

INDUSTRIAL RANGE

FAL IR50B

Normative:	EN ISO 20345:2022 S3S+SR+CI+FO+LG
Reference:	358403
Sizes:	35 a 48 EU
Height:	8 cm internally (aprox size 42)
Weight:	1,15 Kg/pair (aprox size 42EU)

TECHNICAL INFORMATION

DESCRIPTION

Textile shoe. Non-metallic Vincap toecap. Textile anti-puncture insole. Two density polyurethane with SRC anti-slip level.

Upper: Textile.

Lining: Breathable and abrasion resistant polyester fabric.

Removable Insole: Anatomically preformed and abrasion resistant.

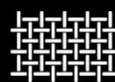

Sole: Double density polyurethane with anti-slip design. Ladder grip + slip resistance (level SR) according to EN ISO 20345:2022.

Protection toecap: Composite (Light, non-magnetic, thermally isolated, recovers form after normative impact).

Protective Insole: Non-metallic penetration resistant insole (High Tenacity Polyester).

Closing system: Laces.

FEATURES

TEXTILE

BREATHABLE LINING

FUEL OIL RESISTANT

LACES

NON-METALLIC TOECAP

FLEXIBLE ANTI-PUNCTURE INSOLE

WASHABLE REMOVABLE INSOLES
